Article 1 Description of Contract and Parties

The Plymouth County Commissioners (hereinafter "Plymouth County Commissioners" or the "County") and various political subdivisions listed on the attached Cooperative Bid List, with any amendments attached thereto, (hereinafter referred to, each individually, as the "Buyer"), and as authorized by Massachusetts General Laws, Chapter 7, Section 22B, and Chapter 30B, awarded a Vehicle Bid to Colonial South Automotive, Inc. dba Colonial Chrysler Jeep Dodge Ram (hereinafter "Contractor"). This Contract is for the then current model year Motor Vehicles and Trucks manufactured by Dodge/Chrysler/Jeep. This Contract also provides for equipment, options, and accessories available for purchase by the Buyers under the prices stated in the Contractor's Response to the Plymouth County Commissioners' Invitation for Bids (hereinafter "Response"), subject to any increase as described by this Contract.

Article 2 Contract Term

2.1 Term. The Term of this Contract shall be for the initial term starting the date of this contract and ending October 31, 2023, with the possibility of four (4), one (1) year contract extensions subject to the sole discretion and option of the Plymouth County Commissioners. The Plymouth County Commissioners shall inform the Contractor in writing within thirty (30) calendar days of its intent to extend the Contract.

2.2 Termination. This Contract shall terminate on October 31, 2023, unless extended pursuant to Article 2.1 above, or unless terminated under the following conditions detailed in this Article and in this Contract.

2.3 Without Cause. The Plymouth County Commissioners reserve the right to cancel this Contract, without cause, at any other time with at least thirty (30) calendar days written notice to the Contractor.

2.4 For Cause. If, in the opinion of the Plymouth County Commissioners, the Contractor fails to fulfill its obligations under the Contract, the Plymouth County Commissioners may terminate the Contract by giving thirty (30) calendar days written notice to the Contractor at any time. The Contract shall be terminated immediately in the event of fraud or program abuse.

2.5 Emergency. The Plymouth County Commissioners may terminate or suspend the Contract for up to sixty (60) calendar days by providing written notice to the Contractor stating the Plymouth County Commissioners' action if the Plymouth County Commissioners determine that immediate action is necessary to protect the County, Buyers, State or Federal funds or property, or to protect persons from injury. Such termination or suspension shall be effective upon receipt by the Contractor of notice of either suspension or termination. In the case of a suspension under this Article, the notice of suspension shall be accompanied by instructions from

the Plymouth County Commissioners specifying requisite action(s) by the Contractor to remove the suspension, a proposed timetable for meeting those requirements and a description by the Plymouth County Commissioners of allowable activities and costs, if any, during the suspension period. Failure by the Contactor to remedy the stated deficiencies according to the timetable prescribed by the Plymouth County Commissioners shall be cause for immediate termination.

2.6 Plymouth County Commissioners' Remedies Upon Termination for Cause or Emergencies. Notwithstanding the terms contained in this section, in the event of termination, the Contractor shall not be relieved of liability to the Plymouth County Commissioners for injury or damages sustained by the Plymouth County Commissioners by virtue of any breach by the Contractor of the Contract. In the event of termination pursuant to this section, the Plymouth County Commissioners may withhold any payments to the Contractor for the purpose of set-off until such time as the exact amount of damages due to the Plymouth County Commissioners from the Contactor is determined. In addition to and notwithstanding the above, the Contractor covenants and agrees that, in the event of termination of the Contract, the Contractor shall pay to the Plymouth County Commissioners as damages: (a) such sum as, at the time of termination, the Plymouth County Commissioners reasonably determines that it shall require to compensate a subsequent Contractor to complete the delivery of service; and (b) the sum reasonably determined by the Plymouth County Commissioners for all the direct and indirect costs resulting from the delay in the delivery of services upon the Contactor's default. The Contractor further covenants and agrees with the Plymouth County Commissioners that the Contractor shall pay all the Plymouth County Commissioners' costs and expenses (including attorney's fees) incurred or paid in obtaining and enforcing any court order favorable to the Plymouth County Commissioners for any obligation of the Contactor under the Contact.

2.7 Obligation in the Event of Termination. Upon termination of the Contract, all documents, finished or unfinished, data, studies and reports prepared by the Contractor pursuant to the Contract shall become the property of the Plymouth County Commissioners and copies shall be delivered to the Plymouth County Commissioners within thirty (30) calendar days of the termination. The Plymouth County Commissioners shall promptly pay the Contractor for all services performed and for all costs and non-retractable commitments reasonably incurred in the performance of the Contract to the effective date of termination, provided the Contractor is not in default of the terms of the Contract and submits to the Plymouth County Commissioners properly completed invoices, with supporting documentation, covering such services no later than forty-five (45) calendar days after the effective date of termination, and that the Contractor make every reasonable effort to minimize or recover costs incurred.

Article 3 Contract Price with Buyers

3.1 Contract Prices. Colonial South Automotive, Inc. dba Colonial Chrysler Jeep Dodge Ram, by signing this Contract agrees to all terms and conditions contained in its Response to the Plymouth County Commissioners' Invitation for Cooperative Procurement Specifications: 2023 Model Year Public Service and Municipal Vehicles Manufactured by the Dodge/Chrysler/Jeep and Associated Equipment – Bid 2023-2026, for which they were awarded the Bid upon the prices stated in their Response for all vehicles, accessories, options, and equipment. The base price for the Dodge/Chrysler/Jeep Vehicle Bid and Award is listed in a

copy of Colonial South Automotive, Inc. dba Colonial Chrysler Jeep Dodge Ram's Response and is attached to this Contract as "Attachment A." The Award for accessories, options, and equipment for these vehicles is attached as a copy of the Response, and attached to this Contract as "Attachment B." The Contractor has assumed the risk associated with offering specific pricing for the options, accessories, equipment, and vehicles contain in its Response to the County's Invitation for Bids and the prices contained therein have been incorporated into this Contract, unless otherwise herein provided.

Prices contained in the Contractor's Response to the Invitation for Bids are firm for the duration of the Contract and any extension option exercised by the County, except as provided for in this Contract. See 3.7 and 3.8 for exceptions.

3.2 Delivery Charges. The prices listed by the Contractor in their response to the County's Invitation for Bids included delivery of all items to the Buyer as stated on the Purchase Order. The Contractor shall not charge for packing, crating, shipping, freight, delivery, etc. as these charges are already reflected in the contract prices described in Article 3.1.

3.3 Discounts. Any discounts offered by the Contractor for timely payment will be computed from the date of delivery or the date a correct invoice is presented for payment, whichever is later.

3.4 Taxes. Purchases made by municipalities and government entities are exempt from Federal excise taxes and Massachusetts Sales Taxes.

3.5 Orders. Verbal orders are not binding on a Buyer and deliveries made or work done without a written and signed Purchase Order issued by the Buyer are at the risk of the Contractor. Written Purchase Orders must be issued by each Buyer.

3.6 Quantity. No enforceable obligation exists beyond the amount of available funds for each Buyer. Quantities stated by the County in its Invitation for Bids reflected estimates derived from either information obtained from a limited survey of local municipal departments, or past experience with Contracts of similar nature and scope.

3.7 Contractor's Right to Elect Price Increase. Should the Plymouth County Commissioners elect to exercise an option to extend this Contract, the Contractor may, at that time, request an increase in the Contract price(s). Price increases will be allowed only in an amount equal to a documented increase in the Contractor's cost from the manufacturer of the vehicle(s) or equipment, and/or manufacturer supplied options or accessories. Unless otherwise provided, in no event shall any price increase(s) allowed in accordance with this provision exceed 5% per year. If at the time of extension there has been a decrease in price, the lowered price will be offered by the Contractor to all participating Buyers.

3.8 Price Increases. *Government Regulations* - Any increase in cost to the Contractor due to a mandated change in Government regulations may be allowed; the amount of the increase will be determined by the Plymouth County Commissioners.

Escalation for Steel Mill Products – Items listed which contain 90% steel, as determined by the Plymouth County Commissioners, may be subject to a price escalation.

Adjustment in the prices will be made based on the Producer Price Index (PPI) for Commodities for Metals and Metal Products/Steel Mill Products (Series ID WPU1017) published by the U.S. Department of Labor's Bureau of Labor Statistics. Publication occurs monthly in the ***PPI Detailed Report*** and can also be found at http://www.bls.gov/ppi. The Index is not seasonally adjusted.

Adjustments will be applied on a quarterly basis during the term of the awarded contract and any extensions and use the latest final PPI data published. Price adjustment calculations shall be made on the 26th day of the month following the last month of the preceding quarter. Example: Price adjustments for a contract beginning September (1st Quarter – September, October, November) will be made on the 26th of December.

The Price adjustment will be based on a simple percentage method. The base contract price for each applicable item will be changed by the same percentage as that calculated for the PPI based on the index at the time of adjustment divided by the index at the time the base price was set at the start of the contract (i.e. price as bid).

Example:	
Index at the time of calculation	115.5
Divided by Index at Time Base Price was Set	110.0
Equals	1.05
Base price should be increase by 5%	
Base Price	$1,000
Multiplied by	1.05
Equals Adjusted Price	$1,050

Due to historically unusual supply chain shortages and price fluctuations, Vendors are allowed to petition the Plymouth County Commissioners for price changes in vehicles, accessories, and equipment as market forces dictate. These price changes must by supported by documentation from the manufacturers and or suppliers and be presented to the Commissioners. Plymouth County Commissioners do not guarantee that price adjustments will be approved but will be investigated on a case by case basis.

3.9 Payment of Purchase. The Buyer shall pay the Contractor for purchases in the amount of One Hundred (100%) percent following delivery and acceptance of the vehicle. Acceptance by the Buyer will be indicated by the Buyer's signature on the delivery receipt that the vehicle arrived in good condition with all options, equipment, and accessories ordered. Payment shall be due forty-five (45) days after the receipt of an Invoice.

3.10 Invoices. Contractor shall prepare a separate Invoice for each Buyer purchasing items under this Contract. Monthly sales reports shall be submitted by the Contractor to the County reflecting gross monthly sales.

3.11 Most Favorable Customer. Contractor warrants and represents that the prices, warranties, conditions, benefits and terms set forth in its Response are, and will continue to be for the duration of this Contract, at least equal to or more favorable than the prices, warranties,

conditions, benefits and terms charged or offered by the Contractor to other purchasers for the same or substantially like products with like features and in quantities as described in this Contract. A violation of this Article will obligate the Contractor to issue rebates. The rebates will be the amount of the difference between the price contained in the Contractor's Response and the subsequently offered lower price to each entity that purchased the relevant item under this Contract.

Article 4 Payment to the Plymouth County Commissioners

The Contractor shall pay to the County a "Transaction Fee" of 0.75% (3/4 of one percent) of the aggregate delivered price of all items purchased including all vehicles, options, accessories, upgrades, off contract equipment and up-fitted equipment, not including trade in reductions in price. The County may lower the Transaction Fee at any time and will not increase the Transaction Fee at any time during the term of this Contract or any extension of this Contract. Contractor shall reflect any Transaction Fee reduction as a discount on the quote provided to the Buyer. Transaction Fees shall be paid monthly to the County and shall be delivered to the County by the 15th of the following month of sales.

Article 5 Warranty

5.1 Warranty. Contractor guarantees that each item purchased under this Contract shall perform in conformance with the manufacturer's published or proposed specifications, whichever is applicable. Contractor further agrees to replace the same, at no cost to the Buyer for labor or materials, if said items fail to meet said specifications within one (1) year after installation. If, after three (3) service calls for the same fault, the item cannot be returned to full operation, then the item will be replaced by the Contractor at no cost to the Buyer.

5.2 Replacement Parts. The Contractor or its designated Maintenance Contractor agrees to maintain a stock of replacement parts for each accessory item purchased under this Contract, and to replace such part or parts as may be required for a period consistent with the warranty of the equipment. At a minimum, the Contractor shall guarantee availability of replacement parts for three (3) years.

Article 6 Delivery

6.1 Delivery to Buyers. Vehicles shall be delivered to individual Buyers completely equipped and marked in accordance with Buyer's specifications, prepped, cleaned, waxed and ready to place into service. A Buyer will provide the Contractor with written instructions as part of the Purchase Order including Specifications, delivery locations and times of delivery, if other than normal business hours. The Contractor shall adhere to reasonable Buyer Specifications for delivery.

6.2 Time. Contractor shall complete all deliveries of vehicles ordered by a Buyer no later than sixty (60) days after the receipt of a written and signed Purchase Order. This delivery date may be extended with written approval of the Buyer.

6.3 Failure of Timely Delivery. Contractor will be excused from the requirement of Article 6.2 above only to the extent that it may document that failure to comply is solely due to the manufacturer's schedule for production of the vehicle(s) ordered. In such event, the Contractor must be able to document that an order has been placed with and accepted by the manufacturer and a date for the production of the vehicle(s) has been scheduled. Contractor shall provide to the Buyer a firm date in writing by which it intends to complete delivery. Failure to complete delivery by the date provided in writing will be subject to the provisions of Article 6.5 below.

6.4 Stock. In no event shall Contractor be excused from the requirements of Article 6.2 due to failure to have the required stock on hand as specified in Article 11.10, Police Patrol Vehicle Availability.

6.5 Remedies for Improper Delivery. Should Contractor fail to accomplish delivery in accordance with the provisions of this requirement, the Buyer at its sole discretion shall have the following options:

(a) Revoke the Purchase Order and procure the required vehicle(s) through an alternate source; or

(b) Agree to continue waiting for the ordered vehicle(s). If the Buyer selects this option, the Contractor shall deduct Five Hundred ($500.) Dollars from the invoice price of each vehicle which has been delayed for the first five infractions during the annual contract and then Seven Hundred and Fifty ($750.) Dollars from the invoice price of each vehicle for all following infractions.

If the Contractor can document that the delivery of a purchased vehicle to the buyer is caused by unusual market conditions as documented by the Manufacturer, then the Vendor will not be subject to any penalties as noted for the delay. If a purchaser decides to not honor the purchase agreement due to delays in delivery, then the Buyer can be subject to a 2% restocking fee to the Vendor.

6.6 Risk of Loss. The risk of loss, damage or destruction of any equipment resulting from any cause shall be borne by the Contractor until such time as said equipment has been delivered to and accepted by the Buyer.

6.7 Location. Contractor agrees to pick up and deliver vehicles to be serviced which were purchased pursuant to this contract and located within seventy (70) miles (as the crow flies) of the Boston city limits, within twenty-four (24) hours of a request by the Buyer.

The Contractor shall be liable, and agrees to be liable for, and shall indemnify, defend and hold the County and the Plymouth County Commissioners harmless from all liability, claims, suits, judgments, expenses or damages including court costs and attorney's fees arising out of the intentional acts, negligence or omissions by the Contractor or any subcontractor utilized by the Contractor, in the course of the operations of the Contract.

The catalog shall describe all vehicles under the Contract and shall include base vehicle price and description and pricing for all options, equipment, and accessories as awarded in the Contractor's Response. The Contractor and agents thereof agree to bring any State or Federal legal proceeding arising from the Contract, in which the Plymouth County Commissioners are a party, in a court of competent jurisdiction within the Commonwealth of Massachusetts. 10.1 Assignment. The Contractor shall not assign in whole or in part or otherwise transfer any interest in the Contract without the prior written consent of the Plymouth County Commissioners; provided, however, that present and prospective claims for money due and owing to the Contractor may be assigned to a bank, trust company or financial institution insured by the Federal Deposit Insurance Corporation (FDIC) without such consent so long as notice of such assignment is promptly furnished to the Plymouth County Commissioners.
